

## **PERFORMANCE CERTIFICATION FOR THE YEAR 2017: NOT APPLICABLE**

I regret to inform you that for the whole year 2017 I wasn't able to work due to a number of unfortunate events that happened to me and to my family.

Those unfortunate events have been mainly health related problems which led to prolonged hospitalization.

Copies of hospital reports are available upon request, but I will need time to find them as during the year we also had to move out from our home a couple of times to other destinations while waiting for our new place to be finished, and lost track of my documents.

The year 2018 started in a much better fashion and I trust to resuming normal activities during the first quarter of 2018.

Thank you in advance for your understanding.
